
CELINE LUU

OSTEOPATH D.O.
MASSAGE THERAPIST
FENG SHUI EXPERT

Céline was born in South of France the 2 of July 1982, from a Chinese Doctor Acupuncturist and a Pediatric Nurse. Growing up in a medical environment, helped her to develop empathy and well-being interest.

Willing to provide care, Céline, as an experimented Osteopath D.O, first introduced her technical approach on the French Riviera, where she provides treatments and massages to an international clientele in Monaco, Cannes and the Cap d'Antibes.

Céline's approach is unique and combines Asian, European and Ayurvedic philosophies.

The desire to grow professionally and the attraction for exotic countries, incited her to open two offices, in Sint Maarten and St. Barth, both located in the French West Indies.

Creative and passionate, she is also graduated from The European Institute of Feng-Shui, and brings balanced energy and harmony in private villa, hotel and offices worldwide.
